

Paez Mousavi | Product Designer (UI/UX)

mousavipaez@gmail.com

Experience

Argoman • Product Designer

August 2024 - April 2026

- Collaborated with technical and marketing teams to design and deliver B2B, B2C, and B2G products in task management and communication.
- Owned the design process from ideation to wireframing, user testing, and product maintenance.

Asan Pardakht • Product Designer

September 2023 - August 2024

- Led UX research, UX design, and UI design for Tourism, Investment, and Car Services sections.
- Used user research insights to support data-driven design decisions.

Hamrahe Aval (MCI) • Product Designer

January 2023 - August 2023

- Redesigned the ShadBoom app using user research and feedback to improve user experience.
- Validated solutions through usability testing and iterative improvements.

Bitails • UI/UX Designer

August 2021 - December 2022

- Designed UpFile, a blockchain-based data storage service, using human-centered design principles.
- Created visual identities for multiple services.

MAAT Agency • Graphic Designer

March 2020 - September 2021

- Designed websites and digital assets for online shops.
- Produced branding and promotional materials across print and digital channels.

Others • Interior Designer/Graphic Designer

2017-till now

Worked as an interior and graphic designer, delivering creative design solutions across multiple projects since 2017.
